

Create your very own

MAGICAL PIXIE DUST LAMP

and fill your room with the warm glow of pixie dust!

Bring the magic of Pixie Hollow into your home!

You Will Need:

- 1 Mason jar with a lid.
- 1 LED flicker candle.

Velcro with an adhesive back.
Non toxic spray adhesive

A little pixie dust (glitter)

Directions: Have an adult help you with this activity!

Step 1 - Take your mason jar outside and carefully spray the inside with non toxic adhesive spray. Be sure to fully coat the whole inside of the jar.

Step 2 - Add 2 full tablespoons of iridescent (semi transparent) glitter to the jar.

Step 3 - Attach the lid and shake well until the glitter fully coats the inside of your jar. Then, remove the lid and set your jar aside to dry.

Step 4 - Attach your LED candle to the inside of the lid with sticky back velcro. This will allow you to remove and turn your candle on and off whenever you want.

Step 5 - Switch on your LED candle, attach it to the lid, and then attach your lid to the jar. Then, place the jar lid-side down in a special place in your room.

Turn off the lights and enjoy the magical flickering glow of your new pixie dust lamp!

Paper Pirate HAT

You Will Need: Thick paper,
Clear tape, Scissors.

Directions: Print this template out on thick paper. Place a piece of clear tape along the center fold line on the back side for reinforcement. Have an adult help you cut along the outside and center dashed lines. Adjust the length of the center line according to head size. Fold down the center and place on your head! Add black glitter or gemstones for extra sparkle!

Paper Roll-up SWORD

To make the sword tube: Use two full pages of newspaper. Roll diagonally, then tape to secure.

To make the handle: Flatten about one third of the sword tube from the top. Bend the top of the flattened edge down towards the sword tube, then tape to secure.

To make the hilt: Have an adult help you cut out the hilt from this page along the dashed lines. (For a thicker hilt, glue this page to a piece of cardboard before cutting.) Slide up the sword tube till it reaches the bottom of the handle, then wrap the red security band below it and tape to secure.
